

I have been listening to KLove radio station daily for over a year now and many of my Christian friends listen and donate to the KLove radio station on a consistent basis. The words of encouragement, verse reading and commentaries help to keep me in The Word as well as keep me ON TRACT every single day. I believe that KLove serves our community because so many local families keep their radios tuned into 91.5, 90.5 or 104.3 so that their children may benefit from this radio station -- in today's world ALL of us need the encouragement that KLove offers. I am pleading with you to NOT displace KLove by an LPFM broadcaster providing other programming. My parents are recently deceased and without KLove's support, providing the word and special prayer requests, the loss of my parents would have been almost impossible to handle. KLove's music touches me daily. Thank you.
